Subject: TRUMP ????

I hate wasting my time on this.... but I have to ask what the heck do you think you're doing with these accusations against Trump? How much are the Democrats paying you to do the Kavanaugh smear????? You have to hope, and you can probably guess, your readers are not the cerebrally gifted to see the holes in your story. First of all, what WERE you doing in the dressing room of the Lingerie dept of BG with Trump to start with? Was this a 'come here, come here getaway moment and you just wanted to see if he had a gun in his pocket and was glad to see you, so you offered to model the wear for him to get a 'mo bettah idea' bout how it would look on his girl? or did he want to see how the bra and bikini brief would look on him and wanted your opinion? Either or, don't be naieve.... Your scenario is down right stupid and begs the issue, 25 yrs later,---- don't even remember exactly when? This smells, stinks of the democrat play book where they pay you the big bux to smear the president at election time, to be played to the hilt, by the 'fake' news designed to get all the You 2 idiots lined up to get all the democrat votes (Idiot votes) . It's too bad for you that not ALL the readers and viewers who will see your story sprawled out on the air and cable 24/7 are smart enough to see how cheap and tawdry your attention getting device really is. Terrible reflection on you and your ability to give intelligent and rational advice. What's the matter. Jean, jealous of Avenatti and his clients?

Something tells me this book will be eqally if not less sucessful then Chuck Todd's self infatutated tome.

Subject: accusation against Trump

Lady,

I am a social scientist. I am a man.

1. If I was on a jury panel, I would acquit Trump.

Why? Your premises are so far-fetched that without hard evidence, I could never be beyond a reasonable doubt.

2. The media reports your story for political purposes, then some of the media get frustrated that they can't manipulate voters.

3. Truth? No one cares.

Why? Women have exploited the public's increased sensitivity of woman being physically assaulted...usually for pecuniary reasons.

4. 'She's not my type" Trump's response makes your statements almost irrelevant.

Why? Women often claim to be molested when there is no chance it is true, rather than admit they are so undesirable that they can't even get assaulted.

SUMMARY: Your career is about complaining that men don't live up to your expectations--you come across as an airhead who thought beauty pageants would open paths to wonderful relationships--when it is not clear to men why they would want to spend their lives with you.

Collateral info: I was a commercial model before getting a PhD. I was so attractive that models and actresses and beauty queens told me that I was the most beautiful man they had ever seen. Yet a decade ago, I was accused by my 2nd ex-wife (we were married 3 years before I divorced her) of harassment and then obsession. She was a very successful commercial model and most men thought she was the most beautiful woman that they had ever seen (yes, Trump saw her at a theater in NYC around 1979 but did not try anything). No one believed her stories against me, but they went after me to extort money, which is why she fabricated her charges. She is much more believable than you, yet everything has been proven false and she even admitted lying to get money. So why am I still hounded? Because the entire scheme was to extort money and I never hired an attorney, so they are still after me.

No one believes or cares...even the women attorneys are upset only because they can't see a big payoff.

I am sorry for you if your story is true, but 30 years have passed since 1989, and it is difficult to defend your decision to come out now as anything but political and as an attempt to increase sales and maybe even an attempt to feel more noticed by other women.

Raped by Trump? Present your evidence, E.J. Carroll, you lying sleep-around known by more penises than Julius Caesar and Pompey had legionnaires.

Good morning.

What were you doing with Donald Trump in your dressing room in the women's department at Bergdorf's in the first place?

Women are too much. They wear makeup and lipstick and sexy clothes and heels designed solely to excite men, and they flirt with men for the sole purpose of exciting them, and then when a man's testosterone kicks in, the woman claims she was molested.

This absurdity and shift in society must stop.

Even with Epstein who was undoubtedly a sleaze, the idea that all those girls who repeatedly went to his home to massage him were rape victims is ridiculous.

Sam

Dear Ms. Carroll,

It saddens women that you would bring out your accusation against President Trump at this time in 2020 claiming that he raped you in the 1990s. It disgusts women who truly have been attacked by men and raped. How can you live with your conscience? If you knew you would be accountable for your words and actions tomorrow and the truth comes out, what would you do differently? Money can only be spent in this life and then we have to give account of how we lived our lives after our death. How many more years do you have to live? Would you do anything differently? It is not too late!

Laura

He had/has much better taste than you. You are not attractive in the slightest. Why are you insistent upon defaming my president? Oh, a story to get you fame and money. Like I said, you make me sick!

I don't think he would have tried to rape an old below average looking woman. You fucking far left sacks of shit just don't know when to stop. Fuck all the way off.

1. You ALLOW folks to use the word rape. Was there penetration? 2. Why were YOU ever in the dressing room? 3. Did he stop when you "demanded" as much, or, did you overpower this "very large man"? If you want ANY credibility at all, you need to tell the WHOLE story! Personally, I think perhaps something similar did happen, but the way you are fast and loose with your story screams Liberal Nutjob. Thank you.

Dear Fox News,

Do you have any up dates on E Jean Carroll Who released a book and in it she states Trump raped her. Well if your interested I looked on a site called Mr Regan and they stated she brokers the idea of fantasy rape in here book and has taken the story verbatim from an episode of Law and order about fantasy rape svu and he actually shows the clip from the TV....(I have seen the clip) and I've posted it to all the news stations you have prompted your elf on I'd go into hiding if we're you....I knew you lied, Shame on you and I hope you never get to work again such horrific lies, imagine what his young son is going through and his wife. Ive also sent it to Trump. what a wicked thing to do...You should and I hope go to jail.We call people like you cunts....

E. Jean Carroll is a fraud – and now we know she is also a plagiarist. Her false Trump rape story that appears in her book came straight from an episode of Law and Order: Special Victims Unit—Episode 11, Season 13. Do you doubt it? The victim was raped in a Bergdorf Goodman, exactly where she said that her rape took place. Of course it could just be a coincidence, like the time my Uncle Jed was shooting at some food, when up through the ground came a bubbling crude. That happened just before we moved to Beverly Hills.

From The Gateway Pundit

CNN's Anderson Cooper on Monday interviewed E. Jean Carroll, a woman who alleged Donald Trump raped her in a Bergdorf Goodman dressing room in the 1990's.

Bergdorf Goodman is a very high-end department store packed with attentive salespeople and security which makes Carroll's claims even more preposterous.

Anderson Cooper was left speechless and stuttering and decided to cut to commercial break after E. Jean Carroll called rape "sexy."

"I think most people think of rape as being sexy," Carroll said. "They think of the fantasies."

The woman is not well.

And it appears she is also a plagiarist.

Carroll's story is eerily similar to an episode of Law and Order from season 13 — right down to the rape fantasy in a Bergdorf Goodman dressing room.

You know I've had the sadness of watching you on one of those worthless channels, talking about you being groped by then Donald Trump. Your explanation was that you were hoping to get him to put on some see thru dress overtop of his suit. Then he forced himself on you. I wonder if you are desperate for attention, or just another example of women that know they are basically insignificant. If society can come up with a way to bring strong baby boys into the world without having to come out of your old and discusting vaginas then your only value would be to swallow the unwanted babies that make it very inconvenient for men to enjoy their lives. Men have always been in command, and will continue generation after generation to make sure women understand their place in this world. With all of the liberating things in our great republic to have happened why do you suppose women still get paid less then men? Maybe if you spent less time on your knees and back trying to climb the corporate food chain you might actually earn some respect.

My sister was raped once. It's nothing to keep quiet about. Especially if it is a rich bastard you can sue. Hmm 3 more bleeding heart fading socialist personalities come out with a rape claim from 20 years ago. Right when election talk gears up and right around the Democratic Convention. Hmm Coincidence? Must be writing a new book. You ladies really don't have a conscience do you? What are you getting paid for this charade? I am sure there some abortions need accomplished down the street. Why don't you go help them and write a book about that. Make sure to include plenty of photos for added effect. .
